

Ugly Rubber Pure case for iPhone 11 6,1" clear

GSM176397
8809696660619

The Pure case is the perfect solution for users who value both the aesthetics of their device and its safety. This transparent case offers maximum protection while maintaining a minimalist look. It meets military standards for drop tests from a height of 1.2 meters. Thanks to hybrid technology with dual injection and dual-core bumper layers made of polycarbonate and thermoplastic polyurethane, it effectively absorbs and disperses the impact force, minimizing the risk of phone damage. The material used in the case is exceptionally resistant to scratches and aging. A special coating prevents scratches, deformities, and excessive color changes, ensuring long-lasting quality of protection. The case is compatible with wireless charging, allowing convenient use of this feature without the need to remove the case. Additionally, it supports Apple Pay, enabling quick and secure mobile payments. Precise cutouts for ports provide easy access to all phone functions, including speakers, camera, and connectors, without restricting user convenience.

Specification
