2.5D Premium Glass is a reliable phone screen protection, combining quality and user convenience. Made from Asahi glass, known for its exceptional durability, it effectively protects the screen from damage. Thanks to the applied AB Glue layer, the installation of the glass is easy and eliminates air bubbles, ensuring a perfect fit. The 9H hardness provides high scratch resistance, while the 3D curvature allows the glass to perfectly adhere to the screen, maintaining its full transparency. An additional oleophobic coating prevents the buildup of fingerprints and dirt, keeping the screen looking fresh and clean for an extended period. 2.5D Premium Glass guarantees sensitive and precise touch response, providing maximum user comfort. It is the perfect solution for those who value durability and aesthetics.

Specification

Brand: TFO
Thickness: 0,33 mm
