

Tempered glass 6D matte for Samsung Galaxy A36 5G

OEM102940
5906961956101

Matte 6D glass is a great solution for gamers and those who send a lot of messages. It is a product that provides comprehensive screen protection. Made of tempered glass with a hardness of 9H, this glass has anti-reflective properties that minimize glare and reduce dazzling sunlight. An important feature of this product is the matte coating on the surface of the glass. Thanks to it, you can enjoy the comfort of using your phone even in brightly lit environments. The matte surface reduces light reflections, making the screen more readable and visible in all conditions. Matte tempered glass not only protects the screen but also minimizes fingerprint smudges and dirt adhesion. This way, your phone will always look like new and is easy to keep clean. The surface of this glass is also extremely pleasant to the touch, providing comfort while using the device. Sliding your fingers across the surface is smooth and enjoyable. It is the perfect solution for gamers or those who send a lot of messages. Matte tempered glass will increase touch precision, allowing for smooth and accurate navigation on the screen.
