

Solid Silicon case for iPhone 11 light green

GSM179994
5907457732988

The Solid Silicon case is an excellent protection for your phone, combining durability and elegant design. Made of high-quality flexible silicon, it provides effective protection against damage, and its solid construction ensures long-lasting use. The interior of the case is lined with soft microfiber, which protects the back of the phone from scratches, maintaining its pristine appearance. Precision cutouts allow easy access to all ports and buttons without the need to remove the case. Specially designed openings for the camera lenses ensure a perfect fit, protecting the camera island while allowing free use of photographic functions. The minimalist design of the case fits perfectly to the phone, offering full protection without compromising user comfort. The case is also compatible with screen protectors, allowing for comprehensive protection of both the housing and the smartphone screen.
