FLC-10

The rabbit-shaped lamp is a practical lighting solution that fits perfectly into modern interiors thanks to its minimalist design. It offers two operating modes: constant light and motion sensor mode, allowing for the adjustment of lighting to current needs while also promoting energy savings. The lamp emits a warm, soft light that creates a cozy atmosphere and reduces eye strain. Equipped with a USB-C rechargeable battery, it provides up to 3 months of operation on a full charge. Its simple installation allows it to be hung on a hook, further enhancing its functionality.
