FLB-110

The Anders Light desk lamp features a built-in battery charged via a USB-C port. The lamp offers smooth dimming, allowing users to adjust the light intensity to their preferences, and the touch panels make it easy to operate. With an adjustable angle of illumination, it can precisely light up a selected area. The neutral light color ensures comfort for the eyes while creating a cozy atmosphere. The lamp is equipped with a main switch located on the bottom, which allows for a complete power disconnection, and the energy-saving mode further enhances its efficiency and ecological functionality.
