BO-ZP14

The grip can be extended and folded, it features a 100-centimeter extension and can be shortened to just 19.8 cm, which makes it easy to store in bags. It weighs only 157 grams, so it is very compact, you can carry it anywhere without feeling the weight. The phone holder rotates 360 degrees, allowing you to adjust it to your preferred shooting angle, making it ideal for taking selfies, video calls, vlogs, travel photos, social life, and more.
