C00245902111-00

This versatile device combines four essential functions: a jump starter, an air pump, a power bank, and an emergency flashlight, making it an indispensable tool for your car and on the road. It provides an instant vehicle start, ensuring you never get stuck with a dead battery. Suitable for cars, motorcycles, and other vehicles. Equipped with a strong air pump, it quickly inflates tires, sports equipment, and other inflatable items, saving you time and hassle. Be prepared for any roadside emergency with a jump starter that offers convenience, reliability, and peace of mind on every journey.
