Neon LED Neolia provides a beautiful effect of colorful glow in the room. It works great as a decorative piece to display on a shelf in the living room or as ambient lighting in a children's room. The neon holder allows for hanging the lighting on vertical surfaces. The atmospheric light will fit well in the interiors of restaurants, bars, and other spaces where colors will particularly enhance the ambiance of the place. What sets the neon lights apart is their uniform light dispersion, without noticeable light spots. Thanks to LED technology, neon lights consume relatively little power. The device can be powered by 3 AA batteries or a USB plug. Neon lights are available in many shapes and colors, including white, orange, green, red, and pink. The device is made of white plastic. The dimensions depend on the type of design.

Specification

Switch: yes

Brand: Neolia

Tone: green

Product dimensions (mm) 20 x 170 x 235
length x width x height:

Net weight: 190 g

Material: PS
PVC

Set contains: Neon LED, leaflet
