

Candy case for Oppo A79 5G pink

GSM185610
5907457786547

The Candy case is an excellent combination of modern design and functionality, distinguished by an unusual, wavy shape. It provides a secure grip, significantly enhancing the comfort of using the phone. The use of soft, matte TPU on the edges and around the camera frame not only gives an elegant appearance but also provides additional protection. The raised camera island effectively protects the lenses from scratches and damage, allowing for long-lasting high-quality photos. The wavy sides of the case absorb shocks in the event of a fall, minimizing the risk of damage to the phone. As a result, the Candy case not only looks stylish but also effectively protects the device from everyday scratches and damage.
