Buy now

Etteri Color Mag Case is a stylish cover made of flexible TPU and hard PC back, which fits perfectly to the phone. The transparent back emphasizes the original design of the device, while the metal buttons and color accents add elegance. The slim construction, with a thickness of 2.5 mm, does not increase the size of the phone, and the raised edges protect the camera. Thanks to the built-in magnet (2800 Gs), the cover is compatible with MagSafe and does not limit the functionality of car mounts. Precise port cutouts and chrome buttons ensure user comfort. The shock-absorbent corners further enhance protection, and the minimalist, eco-friendly packaging emphasizes the modern character of the product.
