Silicon cover is an elegant and functional case with a matte finish that provides a secure grip and minimizes the risk of the phone slipping out of your hand. Made of high-quality silicone, it is durable, resistant to discoloration, and pleasant to the touch, while the additional microfiber lining protects the device from the inside. Precise cutouts allow full access to all ports and the camera without the need to remove the case. The product is packaged in an aesthetic blister, perfect for retail sales and display.
