

Ring Secure Mag Case for iPhone 15 Pro Max 6,7" red

GSM181595
5907457745797

The Ring Secure Mag smartphone case is the perfect combination of protection, design, and usability. Made from high-quality materials, it provides reliable protection against scratches, dirt, and accidental drops. Precise cutouts for ports allow full access to charging and headphone functions without the need to remove the case. Additionally, precise cutouts for the camera and lenses protect the phone's lens from scratches without negatively impacting photo quality. The matte back of the case does not yellow and is resistant to fingerprints, maintaining an aesthetic appearance for a long time. The buttons on the case are coated with metallic paint using electroplating technology, giving them not only durability but also an elegant look. The Ring Secure Mag case features a rigid back and soft sides, making it easy to put on and take off the phone while providing protection at every stage of use. The most important feature of the Ring Secure Mag is the use of MagSafe technology, which enables wireless charging of the phone. Hidden under a metal ring, this innovative technology ensures convenient and hassle-free charging. Moreover, the metal ring can serve as a stand or finger grip, adding both functionality and a stylish appearance. This makes the case compatible with most magnetic mounts. On the side of the case, there are also holes where you can attach a lanyard or charm, providing additional protection against losing your phone. The Ring Secure Mag case is the perfect combination of protection, design, and functionality that will make using your smartphone even more enjoyable and safe.

Specification
