Lack of phone network coverage doesn't allow you to work or play comfortably outdoors? Grab the Motorola TLKR-T62 and talk without charge or licence in any area. With quick pairing buttons you'll be connected to another caller in no time, getting advice or help in an emergency. The Motorola TLKR-T62 is the ideal choice for construction workers, security guards, mass event organisers or hiking and rally enthusiasts. With a choice of 16 channels and 121 privacy codes, you have the freedom to discuss wirelessly, even when many people in your area are using walkie-talkies. Dual-powered headphones work with both the included rechargeable NiMH batteries and standard AA batteries.

Specification

Frequency band: 12,5 KHz
