The TALKABOUT T82 Extreme radio is a rugged travel companion, invaluable for the most demanding expeditions. The T82 Extreme is weatherproof (IPx4), making it ideal for the harshest conditions. The new discreet display makes it easy to talk and activates when you need it. With a quick pairing button, setup is a snap. A built-in LED torch provides light in emergency situations, so you can read a map after dark. With essential accessories and a range of up to 10km*, the TALKABOUT T82 Extreme will keep you connected on challenging expeditions and on the highest peaks.
