Huslog Grinder Set with Charging Base - Black

AGDAOHUS100056
5902983629184
AK-0849

Rich flavor of freshly ground spices thanks to the easy-to-use set of gravity mills. Grinding spices by tilting the mill – very simple operation. Unique design that looks great in the kitchen. Possibility to use for grinding various spices – the mill set is perfect for grinding salt and pepper, but also for other spices. Grind size adjustment – customize the coarseness of the ground spices to your individual preferences. Easy adjustment with a single knob. Automatic operation when tilted – simply tilt the mill with the grinding mechanism downwards for it to start working. It stops when returned to the vertical position. Charging base – when charging, the LED in the mills lights up red. A white LED indicates that it is fully charged. Energy-saving – you don't need to turn off the mills when they are not in use – they automatically enter standby mode and do not consume energy. They are always ready to operate. Modern design – black matte combined with glass gives a contemporary look in the kitchen. With their unique shape, you'll want to display them in a prominent place. Visible amount of spices – the transparent window ensures a quick view of the contents of the mills, as well as an additional visual aspect.
