Huslog sandwich maker SimpleBite black 800W

AGDAOHUS100132
5902983643647
HUS1074

Compact sandwich maker with a power of 800 W, designed for quick preparation of toasts and snacks at home or in the office kitchen. The device heats up in about 2 minutes, and preparing one portion takes about 3 minutes. The triangular non-stick coated plates facilitate the removal of sandwiches and reduce sticking, resulting in easier cleaning. The automatic thermostat maintains the temperature in the range of 140–210°C, and LED indicators notify when heating and readiness for use.
