Huslog smoothie blender 500W

AGDAOHUS100135
5902983634768
HUS1012

Compact Blend & Go blender with a power of 500 W, designed for quick preparation of smoothies, cocktails, purées, and protein drinks. The device offers 2 speeds and a pulse mode, making it easier to adapt to different ingredients. The set includes a 600 ml bottle with a lid and a spout, allowing you to prepare your drink and take it with you immediately. Stability during operation is supported by a non-slip base, and the safety system protects the device during everyday use.
