LXAS50

An excellent quality voltage detector with a wide sensitivity range, enhancing its versatility. Additional illumination allows operation in unlit and hard-to-reach areas, while visual and audible signals facilitate detector use. Compact and easy to use, ideal for storage and quick access. AC Voltage Measurement Range 12 - 1000V Frequency 50-60Hz Alarm Sound and LED indicator Flash-light White LED Automatic Power Off Yes Low Battery Notification Yes Current measurement Depending on the signal strength Non-Contact Voltage (NCV) Measurement Automatically selects from 3 frequencies (low, medium, high) NCV Intensity Indicates intensity using sound signals at different frequencies and LED colors for low, moderate, and high sensitivity Operating Temperature 0 - 40°C Storage Temperature -10 - 50°C Operating Altitude <2000m Safety Rating CE. CAT III 1000V / CAT.IV 600V Dimensions 156x20x20mm Weight about 45g

Specification

Gross weight: 45 g
Working temperature: 0°C up to +40°C
Battery type: LR44
Input voltage: 220 V
12 V
230 V
Output voltage: 5 V
Brand: LTC
Colour: white
Maximum power [W]: 5 W
Product dimensions (mm) length x width x height: 156 x 20 x 20
Warranty: 24 month
