LTC LXWB16 Wireless Desk Fan – compact refreshment always at hand!The LTC LXWB16 is a modern, wireless desk fan that combines efficiency, mobility, and style. With a 2000 mAh battery, it operates without a cable – perfect for the office, home, or travel. Charging is done via a USB-C port. The device offers 4 speed levels that you can adjust with one button. Its compact dimensions of 153 × 82 × 174 mm and weight of 298 g make it fit anywhere, while the blade diameter of 5.6" (14.22 cm) ensures effective airflow. Made from durable materials (ABS/PP/PCBA) and designed in a minimalist style, it will blend perfectly into any interior.
