

TECTO SHIELD

Tecto Shield Aurora case for iPhone 16 6,1" blue

GSM274910
5907674535027

The Tecto Shield Aurora cover is an eye-catching case with a shimmering finish inspired by the northern lights – the color changes depending on the angle of light, creating a unique, three-dimensional effect. The built-in magnetic ring 2200 GS ensures stable attachment to MagSafe accessories and efficient wireless charging. The hybrid TPU + PC construction and a thickness of 2.2 mm effectively protect the phone from scratches and drops, while the raised edges secure the camera. Metal buttons, precise cutouts, and the option to attach a strap highlight the high quality of workmanship and functionality.
