Strawberry case for iPhone 11 black

GSM276076
5907674553342

The Strawberry cover is a stylish silicone case with eye-catching, raised 3D elements in the shape of strawberries and hearts. It effectively protects the back and edges of the smartphone, and the raised frame around the camera helps secure the lenses from scratches. The matte finish reduces fingerprints and improves grip, while precise cutouts provide easy access to all ports and functions of the phone.
