

# Bulb LED E14 T26 2W 210lm 4500K Forever Light

RTV100498  
5900495715241

Efficient refrigerator bulb, specially tailored to meet the needs of customers. The E14 screw base makes installation and replacement easy and convenient, fitting perfectly into standard sockets. The neutral white color with a temperature of 4500K ensures optimal lighting inside refrigerators, facilitating easy product localization. With a power supply of 230V/50Hz, the bulb operates stably, and its low power consumption of only 2W makes it energy-efficient. The use of LED technology guarantees not only efficient lighting but also low power consumption. The bulb generates 210 lumens of light, translating to excellent visibility inside the refrigerator. Its compact dimensions make it easy to fit even in small spaces. Additionally, SMD diodes ensure durability and reliability of the product.

## Especificación

Marca:	Forever Light
Clase de eficiencia energética:	F
Temperatura cromática:	4500K
Color:	neutro blanco
Tipo de rosca:	E14
Tensión de servicio:	230V 50 Hz
Consumo de energía:	2 W
Número de lúmenes:	210 lm
Tipo de diodo:	SMD
Ángulo de iluminación:	180°
Diámetro:	25 mm
Vida útil:	30 000 hr.
Temperatura de funcionamiento:	-20 °C a +45°C
Tiempo de encendido:	< 0,5s
Tiempo de calentamiento:	< 0.5 s
Número de encendidos y apagados:	> 15 000
Dimmer:	no
Equivalente a una bombilla tradicional:	20 W
Factor de mantenimiento del flujo luminoso de la lámpara (LLMF):	> 70%
Contenido de mercurio:	0 mg
Garantía:	24 mc
