myPhone HALO 3 LTE is a practical, classic phone, and thanks to 4G LTE technology it provides constant and convenient contact with loved ones. A greater sense of security and comfort are guaranteed, among others, by the SOS button, large backlit buttons and the docking cradle, while a powerful LED flashlight and a lanyard holder make daily use easier. Clear calls, thanks to 4G LTE. The high-quality sound that guarantees clear and understandable calls during conversations is a result of the 4G technology used in this model.
