Save time by transferring media at up to 170MB / s read speed with SanDisk® QuickFlow™ 4 (64GB - 256GB) technology with SanDisk Extreme® SD UHS-I Memory Card. Combine with SanDisk® Professional PRO-READER SD and microSD™ for maximum speeds (sold separately). With recording speeds of up to 90MB / s and class U3 recording, you're ready to record high-definition, tear-free 4K UHD video1. In addition, it is built to withstand the weather, water, shock and other conditions that are not ideal, so you can rest assured that your recording will be perfect wherever you are. The perfect solution for recording your out-of-home adventures, weekend trips or sports events without losing a single frame. With UHS Speed Classes 3 (U3) and Video Speed Class 30 (V30), the SanDisk Extreme® SD™ UHS-I card lets you record 4K UHD and Full HD video without interruptions.
