

Set of metal case openers / spudger / iPhone

OEM0002364
5900495035530

Set of openers for cases of smartphones, tablets, laptops, etc. The set includes three tools with six different tips. The openers are made of very strong steel that guarantees durability and resistance to bending. Very useful in any service dealing with the repair of electronic equipment. They allow you to quickly disassemble the device without destroying its housing or display.
