

Spigen protective film Neo Flex 3-Pack for Apple Watch 4 / 5 / 6 / 7 / 8 / SE (44 / 45 mm)

BRA012535
8809811856545

The Neo Flex protective film is made of maximally flexible TPU, so curvature is not a problem for it. Installation is a cliché, due to the fact that we install the coating when wet, we do not have to worry about air bubbles or uneven installation. The foil is transparent, perfectly reflects the displayed colors and does not affect the sensitivity of the touch. The product perfectly protects the valuable screen against scratches and has self-healing properties.
