

Defender Slide case for Xiaomi Redmi Note 14 5G (Global) black

GSM190618
5906961959423

Defender Slide is a reinforced case that provides good protection for the device. The product consists of several layers that stiffen and strengthen its construction. The cover is made of PC, TPU and has a built-in aluminum finger grip. The whole line has a movable camera cover that protects the lenses and provides privacy. Additionally, higher edges protect the screen from cracking or scratching. The cases have the necessary cutouts for ports and recesses for the buttons.
