

LCD Display with touch screen iPhone 11 Oncell TFT

OEM100312
5900495877529

The product is a display made in TFT technology. It has all the necessary components for mounting on a smartphone:- camera holder, - sensor holder, - speaker cover. Each panel is secured with foil that protects the screen from damage. The glass used for the production of the panel is characterized by high durability, which makes it more resistant to scratches and cracks.
