

## Touch Panel for iPad Mini full front black

T\_0010136  
5900495248725  
A1432, A1454, A1455

Brand new high quality touch panel. The whole thing is secured with a protective foil that protects the screen against possible scratches. The panel is very easy to install, just plug the tapes into the appropriate slot. No soldering required. The Full Front Set note suggests that the kit includes all the necessary components for assembly just like the original product.
