PD QC TC-07 Wall ChargerThe Forever TC-07 wall charger is an advanced solution for smartphone and laptop users, offering fast charging without compromises. With a power of 30W, it ensures shorter charging times, meaning you can quickly get back to using your device. The device is universal, compatible with various models available on the market. It features both a classic USB port and a modern USB-C port with Power Delivery (PD) technology, which is compatible with leading brands such as Apple and Samsung. Intelligent current management ensures safety for the battery, eliminating concerns about excessive overheating of the device. Included is a high-power 60W white cable, USB-C to USB-C, which further enhances user convenience. The Forever TC-07 wall charger is a next-generation product that is perfect for everyday use, providing not only fast but also safe charging for mobile devices.
