

Oven Light bulb E14 ST26 15W 230V 60lm 300° Forever Light

RTV100497
5900495714497

The E14 bulb has been specially designed to meet the requirements of professional kitchens. The standard E14 screw base, commonly used in ovens, facilitates easy installation and replacement. The bulb emits warm light at a temperature of 2700K, optimized for standard household power, ensuring stable operation at 230V voltage and 50Hz frequency. It is energy-efficient, allowing for a reduction in operating costs without sacrificing lighting efficiency in the oven. Despite its low power consumption, the bulb generates sufficient light to ensure excellent visibility inside the oven during baking. Compact in size, it makes installation easy even in small oven spaces.

Špecifikácia

- Značka:** Forever Light
- Energetická trieda:** N/A
- Farebná teplota:** 2700K
- Typ závitu:** E14
- Farba:** teplá biela
- Pracovné napätie:** 230 V
- Intenzita prúdu:** 65 mA
- Príkon:** 15 W
- Počet lúmenov:** 60 lm
- Uhol svietenia:** 300°
- Priemer:** 26 mm
- Trvácnosť:** 1 000 godz.
- Trvanie zapálenia:** < 0,5s
- Trvanie zahrievania:** < 1 s
- Počet zapnutí/vypnutí:** > 3 000
- Stmievateľnosť:** nie
- Obsah ortuti:** 0 mg
- Záruka:** 24 mc
- Certifikát:** CE ROHS
