

Technisat weather station IMETEO 2 CE

RTV0600020
4019588749467
76-4946-00

The iMeteo 2CE home weather station enables a precise assessment of the current weather conditions outside the building and the indoor climate. The device has a clear, backlit LCD display. Outdoor temperature and humidity are measured with the iMeteo OS outdoor sensor, while the indoor climate is assessed using sensors built into the weather station. Additionally, the device displays the current time and date. It has the function of alarm, internal and external thermometer, hygrometer, date and clock.

Špecifikácia

Rozpätie vlhkosti práce: 20% - 90%
Dosah: 60 m
Presnosť merania: +/- 1,5 °C; +/- 6%
Stupeň ochrany (IP): IP20
Pracovná teplota: od -20°C do +60°C
Frekvencia: 433,92 MHz
Funkcie: senzor teploty a vlhkosti
Čistá hmotnosť: 196 g
Hrubá hmotnosť (s balením): 518 g
Záruka: 12 mc
