The Icon 2 is a powerful and stylish smartwatch, packed with features to look after your health and well-being. Use the thermometer, sports app, breathing assistant and keep your finger on the pulse! The Icon 2 AW-110 smartwatch is equipped with a precision thermometer that measures your body temperature 24 hours a day. When the temperature exceeds 37.3°C, the watch will automatically notify you. The Icon 2 smartwatch is the ultimate sports support - the new workout app has been customised for a wide range of different sports, collecting and analysing data collected during exercise. The smartwatch also features enhanced breathing training - by practising breathing in and out, you'll find it easier to stabilise your heart rate in stressful situations and feel calmer and more confident.
