AK-ND-C14

The Akyga® AK-ND-C14 USB-C adapter is a useful device for people who use older Sony Vaio laptops. It allows you to replace the USB-C connector in the power supply with one with dimensions of 6.5x4.4 mm, which allows you to adapt almost any USB-C PD charger with higher power to your laptop. It is universal and supports the Power Delivery standard - this means that the voltage The power supply is automatically selected from the range of 18.5 to 20 V, and compatibility is no longer a user's short circuit. Remember that the USB-C adapter does not increase the power of the power supply, but allows you to connect it to a laptop or other device with a 6.5x4.4 mm connector. Therefore, before using the adapter, make sure that the power supply has the expected power.
