

Forever Tornado cable USB - Lightning 1,0 m 3A navy blue

GSM097155
5900495811400

A product created for your needs. Tornado cable is ready for anything. It has a strong, thick weave, is very strong and resistant to all kinds of abrasion. High quality metal connectors are not only a design element. They protect the cable in places most exposed to damage. The pressure of time does not impress him. It charges devices with 3A, which is faster than standard cables available on the market. With its help you can transfer data in a safe way and everything will be under your control.
